

Jayant Kumar Banthia
Chief Secretary

D.O.No.MPLADS-2012/CR-124/Desk-1482

PLANNING DEPARTMENT,
Madam Cama Road,
Mantralaya, Mumbai-400 032.
Date : 6th December, 2012.

6 DEC 2012

Dear

As you are aware that the Government is concerned about the Fire and Life Safety of its citizens in the State of Maharashtra, a gap analysis of the Fire Services in different Urban Local Bodies is done by the Government and the Planned Scheme of Rs.285 crores for this purpose has been sanctioned. This scheme work of Fire Stations in some of the municipal councils is already commenced. In addition to that the gap analysis shows that there are 145 Tahsils in the State which do not have the basic Fire Service infrastructure. The construction of Fire Station, procurement of Fire Engines and its ancillary equipments requires a substantial funding.

02. The Government in Urban Development Department in consultation with Planning Department has issued a Government Resolution vide No.FFS-1407/360/CR-211/UD-20, dated 31st August, 2009, (a copy of which is enclosed herewith for your kind perusal) as per which the funds available under MPLADS can be utilized for strengthening Fire Services.

03. May I therefore, request you to please support the "Mission Fire Safe Maharashtra" to augment the fire service infrastructure in your constituency.

04. In case, if you need assistance, I have already directed the Principal Secretary, Urban Development Department-2 and Director, Maharashtra Fire Service to extend necessary guidance in the matter.

An early line in communication is highly solicited.

With Warm Regards,

Yours

(J.K.Banthia)

To,
All Hon'ble MPs of Maharashtra State

MINISTER OF STATE (INDEPENDENT CHARGE)
STATISTICS & PROGRAMME IMPLEMENTATION
GOVERNMENT OF INDIA
NEW DELHI

FOREWORD

After taking over charge of the Ministry of Statistics and Programme Implementation in May, 2004, my endeavour has been to bring about all round improvement in the Programmes/Schemes of the Ministry. My attention was specifically attracted to the implementation of the Member of Parliament Local Area Development Scheme (MPLADS) about which I was also concerned earlier as Member of the MPLADS Committee of Rajya Sabha.

The MPLAD Scheme is governed by a set of guidelines notified in April, 2002. Since then, several circulars were issued clarifying various provisions of the Guidelines. Further, certain other provisions needed to be modified in order to bring about further improvement in the implementation of the Scheme. Consequently, a need for revision of the guidelines was felt by the Ministry. I had the good opportunity of having inter-active discussions with the Hon'ble Members of Parliament in four batches from August to December, 2004 and could get their valuable suggestions. After taking into account in suggestions of the Hon'ble Member of Parliament, MPLADS Committees of Parliament and other relevant observations of the Comptroller and Auditor General of India, the Guidelines have been comprehensively revised.

The revised Guidelines inculcate financial discipline at the district level, monitoring of MPLADS works and clearly demarcating the functioning at the Panchayat, Block, District and State levels. The illustrative list of permissible items has been removed and only the list for non-permissible items has been provided. It means the works which are not covered in the non-permissible list can be taken up under MPLAD scheme. While retaining the maximum limit of Rs. 25 lakhs of works for the Trusts and Societies from the MPLADS; the maximum limit of cost of Rs. 25 lakh for each work stipulated in the earlier Guidelines has been deleted.

I am happy in releasing the Revised Guidelines to all concerned and hope that this will meet their requirement and will be helpful in bringing about the improvement in the Scheme implementation.

PREFACE

The implementation of the Member of Parliament Local Area Development Scheme (MPLADS) is governed by a set of Guidelines which were first issued in February, 1994 and have been updated and revised from time to time. The last revision was made in April, 2002. We have now undertaken comprehensive revision of the Guidelines keeping in view the recommendations of the MPLADS Committees of the Parliament, observations made by the Comptroller and Auditor General of India in his two reports, suggestions made by Members of Parliament and provisions of the new General Financial Rules issued by the Ministry of Finance.

The revised Guidelines are simple, clear and understandable to all concerned. The notable features of the Guidelines are the removal of the limit of Rs. 25 lakh on individual works to be executed by Govt. Departments/Agencies, deletion of illustrative list of permissible items, clear demarcation of the role of the Implementing Agency, District Authority, State Government and the Government of India. Some new provisions made in the Guidelines include the development of areas inhabited by Scheduled Castes and Scheduled Tribes; special provision for natural calamities like floods, droughts etc.; and also for education and cultural development. In order to bring about financial discipline at the implementation level, the release and management procedure of MPLADS funds has been streamlined. Monitoring through the software developed by the Ministry of Statistics and Programme Implementation has also been provided in these Guidelines.

Since inception of the Scheme, as on 1st November, 2005, Rs. 14,308.80 crore have been released by Government of India to various districts. Out of the released amount, Rs. 12,732.16 crore have been utilized by the Nodal Authorities in the districts. Further, out of a total of 8,77,571 works sanctioned under the Scheme, 7,76,675 works have so far been completed. The percentage of utilization of release is 88.98 and that of works completed to sanctioned is 88.43. With the revision of the Guidelines, it is expected that the utilization of funds under MPLADS would further improve filling the gap in infrastructure at the local level.

I hope that these Guidelines with the features indicated above will prove an effective tool for proper implementation of the MPLAD Scheme.

(P.S. Rana)

Secretary to the Government of India

November 16, 2005

Union Territory (UT) is designated as the Nodal Department with the overall responsibility of supervision, monitoring and coordination of the MPLADS implementation with the districts and other Line Departments. The Government of India informs the State Nodal Department about the MPLADS funds release to the District Authorities. The District Authorities report the status of MPLADS implementation to the Government of India and State Nodal Department. The District Authority gets the MPLADS implemented through Local Self Governments or through Government agencies. In some cases, the District Authority engages reputed Non Government Organizations (NGOs) for execution of MPLADS works.

2. FEATURES

- 2.1 The MPLADS is a Plan Scheme fully funded by Government of India. The annual MPLADS fund entitlement per MP constituency, is Rs. 2 crore.
- 2.2 Lok Sabha Members can recommend works for their respective constituencies. Elected Members of Rajya Sabha can recommend works for implementation in one or more districts as they may choose in the State of their election. Nominated Members of Lok Sabha and Rajya Sabha can recommend works for implementation in one or more districts anywhere in the country.
- 2.3 The choice of the Nodal District shall be furnished by Lok Sabha and Rajya Sabha Members to the Director (MPLADS) of the Ministry of Statistics and Programme Implementation with copy to the State Nodal Department and the District Authority in the format at **Annex-I**. In case a Lok Sabha constituency covers more than one district, the Member of Lok Sabha may choose one of the districts as the Nodal District.
- 2.4 All works to meet the locally felt community infrastructure and development needs with emphasis on the creation of durable assets in the respective constituency are permissible under MPLADS except those prohibited in **Annex-II**. MPs may choose some works for creation of durable assets of national priorities namely drinking water, education, public health, sanitation, and roads under the Scheme.
- 2.5 **Development of Areas inhabited by Scheduled Castes and Scheduled Tribes:** There is a greater need to develop areas inhabited by Scheduled Castes (SCs) and Scheduled Tribes (STs). It is necessary that special attention is given for infrastructural development of such areas. The MPs are to recommend every year such works costing at least 15% of MPLADS fund for areas inhabited by Scheduled Caste population and 7.5% for areas inhabited by Scheduled Tribe

population. In other words, permissible works costing not less than Rs. 30 lakh out of the annual allocation of Rs. 2 crore per MP shall be recommended for areas inhabited by SC population and Rs. 15 lakh for areas inhabited by ST population. In case, a constituency does not have ST inhabited area, such fund may be utilized in SC inhabited areas and vice-versa. It shall be the responsibility of the District Authority to enforce this provision of the Guidelines.

- 2.6 Each MP will recommend works up to the annual entitlement during the financial year preferably within 90 days of the commencement of the financial year in the format at **Annex-III** to the concerned District Authority. The District Authority will get the eligible sanctioned works executed as per the established procedure laid down by the State Government for implementation of such works subject to the provision in these Guidelines.
- 2.7 **Natural Calamities:** MPLADS works can also be implemented in the areas affected by the calamities like floods, cyclone, Tsunami, earthquake, tornado and drought. Lok Sabha MPs from the non-affected areas of the State can also recommend permissible works up to a maximum of Rs.10 lakh per annum in the affected area(s) in that State. The funds would be released by the Nodal district of the MP concerned to the District Authority of the affected district. MPLADS funds may be pooled by the District Authority of the affected district for works permissible in the Guidelines. The Works Completion Report, Utilization Certificate and Audit Certificate for such works and funds will be provided by the District Authority of the affected districts to the respective District Authority from whom the funds were received.
- 2.8 In the event of “**Calamity of severe nature**” in any part of the country, an MP can recommend works up to a maximum of Rs.50 lakh for the affected district. Whether a calamity is of severe nature or not, will be decided by the Government of India. The funds in this regard will be released by the District Authority of Nodal district of the MP concerned to the District Authority of the affected district to get permissible works done. The Works Completion Report, Utilization Certificate and Audit Certificate for such works and funds will be provided by the District Authority of the affected districts to the respective District Authority from whom the funds were received.
- 2.9 If an elected Member of Parliament finds the need to promote education and culture of a State/UT wherefrom the MP is elected at a place outside that State/UT, the MP can select works relating to education and cultural development not prohibited under these Guidelines up to maximum of Rs10 lakh in a financial

year. In such cases, the Nodal District Authority will be fully responsible for coordination and other functions bestowed on him in the Guidelines. The works Completion Report, Utilization Certificate and Audit Certificate for such works and funds will be provided by the District Authority of the districts concerned to the respective District Authority from whom the funds were received.

2.10 District Authority: District Collector/District Magistrate/Deputy Commissioner will generally be the District Authority to implement MPLADS in the district. If the District Planning Committee is empowered by the State Government, the Chief Executive Officer of the District Planning Committee can function as the District Authority. In case of Municipal Corporations, the Commissioner/Chief Executive Officer may function as the District Authority. In this regard if there is any doubt, Government of India in consultation with the State/UT Government, will decide the District Authority for the purpose of MPLADS implementation.

2.11 Implementing Agency: The District Authority shall identify the agency through which a particular work recommended by the MP should be executed. The executing agency so identified by the District Authority is the implementing agency. The Panchayati Raj Institutions (PRIs) will preferably be the Implementing Agency in the rural areas and works implementation should be done through Chief Executive of the respective PRI. The Implementing Agencies in the urban areas should preferably be urban local bodies and works implementation should be done through Commissioners/Chief Executive Officers of Municipal Corporations, Municipalities. Further, the District Authority may choose either Government Department unit or Government agency or reputed Non-Governmental Organization (NGO) as capable of implementing the works satisfactorily as Implementing Agencies. For purposes of execution of works through Government Departments, District Authority can engage units for example, Public Health Engineering, Rural Housing, Housing Boards, Electricity Boards, and Urban Development Authorities etc, as Implementing Agencies.

3. IMPLEMENTATION

- 3.1 Each MP shall recommend eligible works on MP's letter head duly signed. A letter format from the MP to the District Authority is at **Annex-III**. Recommendations by representative(s) of MPs are not admissible.
- 3.2 In case a constituency comprises more than one district, and the MP wishes to recommend works in the district other than the Nodal District, the works list in the prescribed format shall be given to the District Authority of the Nodal

Annex – IVE

LIST OF SECTOR AND SCHEMES CODES

(This is sector wise type of works under MPLADS and is subject to the provisions in the Guidelines)

	SECTOR	SCHEME
I. DRINKING WATER FACILITY		
1. Tube wells	01	001
2. Water tanks	01	002
3. Hand pumps	01	003
4. Water tankers	01	004
5. Piped Drinking Water Supply	01	005
6. Other works for providing drinking water	01	999
II. EDUCATION		
1. Building for Government educational institutions	02	001
2. Buildings for Government aided and unaided educational institutions	02	002
3. Computers for Govt. and Govt. aided educational institutions	02	003
4. Other projects for educational institutions	02	999
III. ELECTRICITY FACILITY		
1. Projects for lighting of public streets and places	03	001
2. Projects of Govt. Agencies for improvement of electricity distribution infrastructure	03	002
IV. HEALTH AND FAMILY WELFARE		
1. Buildings for hospitals, family welfare centers, public health care centers, ANM centers	04	001
2. Procurement of hospital equipments for Govt. hospitals and dispensaries.	04	002
3. Ambulances for Government	04	003
4. Mobile dispensaries	04	004
5. Crèches and Anganwadies	04	005
6. Other health and family welfare projects	04	999
V. IRRIGATION FACILITIES		
1. Construction of public irrigation facilities	05	001
2. Construction of flood control embankments	05	002
3. Public Lift irrigation projects	05	003
4. Public ground water recharging facilities	05	004
5. Other public irrigation projects	05	999

	SECTOR	SCHEME
VI. NON-CONVENTIONAL ENERGY SOURCES		
1. Community Gobar-gas plant	06	001
2. Non-conventional energy system/devices for Community use	06	002
VII. OTHER PUBLIC FACILITIES		
1. Construction of community centers	07	001
2. Construction of common shelters for old and handicapped	07	002
3. Construction of public libraries & reading rooms	07	003
4. Crematoriums and structures on burial/cremation ground	07	004
5. Common work sheds for artisans	07	005
6. Construction of bus-sheds/stops for public Transport passengers	07	006
7. Buildings for cultural activities	07	007
8. Purchase of motor boats for flood and cyclone prone areas (not for individuals)	07	008
9. Boundary walls for buildings permissible in the scheme	07	009
10. Public parks	07	010
11. Hearse Vans	07	011
12. Battery operated buses for Govt. agencies	07	012
13. Fire tenders for Government organisations	07	013
14. Other public works not covered elsewhere	07	999
VIII. ROADS, PATHWAYS AND BRIDGES		
1. Construction of roads, approach roads, link roads, pathways	08	001
2. Construction of foot paths	08	002
3. Construction of culverts and bridges	08	003
4. Level crossing at unmanned railway crossing	08	004
IX. SANITATION AND PUBLIC HEALTH		
1. Drains and gutters for public drainage	09	001
2. Public toilets and bathrooms	09	002
3. Garbage collection and night soil disposal Systems, earth movers including vehicles for local bodies	09	003
4. Other works for sanitation and public health	09	999
X. SPORTS		
1. Buildings for sports activities	10	001
2. Buildings for physical training institutions	10	002
3. Buildings for multi-gym	10	003
4. Fixed (immovable) sports equipment	10	004
5. Multi gym equipments	10	005
6. Other public works for sports activities	10	999
